### GBIS Extreme Symmetric Broadband

Now you can get exactly the internet speed you need at a price that your business can fit into the budget. **GBIS Extreme Symmetric Broadband** delivers download speeds from 1 Mbps to 3 Mbps. You choose the speed to fit your need and we'll get you set up.

Using the latest Metro Ethernet Technology, **GBIS Extreme Symmetric Broadband** will deliver your Internet, Data and Voice needs on a business class circuit that is monitored 24/7 to assure your business stays connected at all times.

100% Uptime Guarantee. Check our website for details.

Call us today to get just the right fit for you.

### TERMS & CONDITIONS

All pricing is based on a one year term agreement. Right to use CPE provided for duration of term. All speeds are the maximum speeds available.

Actual speeds may vary based on distance from a Broadband equipped central office and physical line conditions to the customer's premise. GBIS reserves the right to rate limit some types of Internet traffic. Based on overall network congestion. GBIS Extreme Broadband is priced as an end user product only and not intended to provide upstream connectivity for resellers. Customers desiring transit for resale should request and individual case basis quote for their application.
