

GBIS Traditional T1 Solutions

A T1 connection provides the performance required for the most demanding Internet usage. You receive a connection that provides a full 1,500 kilobits per second, 24 hours a day. This type of connection is perfect for large, popular web sites, large corporate networks, and other high bandwidth applications.

INCLUDED SERVICES:

The install charge and monthly service fees include all equipment at our end of the connection. There are many possible configurations; please contact us for details.

24 hours, 7 days a week monitoring of permanent connections is included free of charge. If your connection fails for any reason, we will contact you immediately at any phone number you specify.

COMPLETE TRANSPORT & BANDWIDTH PACKAGES START AS LOW AS \$399.00/Month!

TRANSPORT

Prices quoted below are for bandwidth only and do not include transport. Transport prices are quoted based on your location. *Transport can be purchased without bandwidth.*

GBIS TECHNICAL SUPPORT

The Great Basin Internet Services Network Operations Center (GBIS NOC) will be available twenty-four (24) hours per day seven (7) days per week. The GBIS NOC will generate text page notification to the customer of any incident and proceed with appropriate activity.
